

Earned Wage Access

Earned Wage Access (EWA)+ lets you access the wages you have already earned — before payday — and build a better financial future for tomorrow.

Need a little extra breathing room before payday?

With ZayZoon, employees can access up to 50% of the wages they've already earned, right from the app or website. ZayZoon funds every advance and takes care of all support, and advances are interest-free. Employees can also choose how they'd like to receive their funds.

HOW IT WORKS

STEP 1

Earnings are estimated from your payroll history.

ZayZoon reads a historical trend across past pay periods and estimates the amount available — it does not reflect hours worked so far in the current period. No daily uploads, no file exchanges.

STEP 2

Request a portion of your earned wages.

You can choose up to 50% of net earned wages, and then choose how to receive the funds. Payment options are either fee-free or have a \$5 transaction fee.

STEP 3

Payroll runs as usual

ZayZoon will fund every request. An automatic deduction code repays ZayZoon on the next run — both employers and employees will see this deduction on the next paycheck.

Build your financial know-how.

Every employee with a ZayZoon account can access financial wellness courses, whether or not you've taken an advance. Courses cover topics like budgeting, credit, and financial planning, and you can find them right in the ZayZoon app or website.

Interested in signing up?

If your employer offers Earned Wage Access, you can sign up through your Employee Portal. Log in to your ProService account at login.proservice.com and complete the ZayZoon form. Once you're enrolled, scan the QR code below to download the ZayZoon app to your phone, or visit the website to request an advance.

Need help?

ZayZoon offers employee support through their mobile app or at support@zayzoon.com.

MONDAY TO FRIDAY: 8 A.M. TO 8 P.M. MST
SATURDAY AND SUNDAY: 10 A.M. TO 6 P.M. MST
